A top-down photograph of a child's head and hands playing with alphabet blocks on a textured, light-colored carpet. The child has dark hair with white bows. Several yellow blocks with letters are arranged in a row (A, B, C, D, I, F, G, H). Other blocks with letters like R, N, S, A, and numbers like D2, Y10, K10, E1 are scattered around. The child's hands are visible, holding and moving the blocks.

Who We Are

Founded in 1946 in Deira, Dubai, Mostafawi began as a humble general trading business with a clear vision: to deliver high-quality branded products and earn the trust of the community. Through dedication, resilience, and family values, the business steadily grew and evolved.

By the 1970s, Mostafawi expanded into carpet supply and installation for residential and commercial spaces, becoming a trusted household name in flooring by the mid-1980s. Innovation remained at the core of our journey, and in 1996, we proudly became one of the first companies in the UAE to establish a hand-tufted carpet manufacturing facility.

Today, Mostafawi is a diversified group spanning manufacturing, flooring, customized furniture, fixtures, and real estate, supported by over 400 dedicated professionals. Rooted in Arabic values and guided by the visionary leadership of the United Arab Emirates, we continue to grow, adapt, and deliver excellence—building lasting relationships and shaping spaces with purpose.
